DEPLORABLE STATE OF STREET CROSSINGS

After every rain storm the crossings of Grande Prairie streets are almost impassable and last week-end was no exception in this respect. The crossings are in a deplorable state. Why the council or those in charge do not make provision to keep the crossings clean is hard to understand, as the cost would be very little. Two men in a few hours could at least clean the crossings of the principal streets. It is hoped that this question will be considered at the next meeting of the town fathers.

A BAKER'S VIEWPOINT ON WHEAT

Sometime ago The Tribune in an editorial contended that Dr. A. O. McCall of the University of Alberta, who has been very much in the news-paper headlines of late, due to his opinions on wheat protein, etc. did not state the whole case from a practical basis. This contention is borne out by an article, written by Frank Slicer of Grande Prairie, who has had many years' experience as a master baker.

ALBRIGHT NEWS

FARMERS READY TO GO

ALBRIGHT, April 27.—Many farmers are watching the fields anxiously and hope to be going full force by the beginning of the week. Machinery is lined up and grain getting ready. Several have tried to work, but find it too wet. Never mind, every cloud has a silver lining. Next morning is the worst of the night, saying, you'll be able to get in twenty hours per day.

There is much sickness in the district—measles, mumps and "flu".

The Rev. J. E. Hall will hold service in the hall at 11 a.m. Note change of hour—summer school.

Mr. I. R. Bisset has returned from a vacation in Ontario after an absence of twelve years.

LITTLE BOY FALLS INTO WELL

While playing around an old caved-in well, Darrel, little son of Mr. and Mrs. Preston, fell in. Fortunately Mr. Preston heard the splash and rescued the little fellow, none the worse for his experience.

THE ROAD OF LIFE

There are many joys and sorrows on this road of life. The winding trail of every day is full of love and strife.

From early spring of childhood till autumn days of maturity we learn the road of life's hard code. To win, sweet rest at last.

There's a lot of joy in loving. But sorrow if we hate. Keep on loving, never hating. And reach the Golden Gate.

There are many joys and sorrows. But love will find a way. All stumbling blocks are stepping stones. When used the proper way.

Life is only what we make it—So why not play the part?

MOUNT SASKATOON

MOUNT SASKATOON, April 27.—Carl Musack and Mr. and Mrs. R. Toews went over to Al and Ole Von Der Ohe's Tuesday night to listen to the radio. Mrs. A. Bertram, Viola, Leroy and Bernard Bertram, Carl Musack and Mr. and Mrs. R. Toews were there Friday night.

Quite a card party was held the home of Mr. and Mrs. A. F. Bertram Saturday night. Al and Ole Von Der Ohe, Bill and Carl Musack and Mr. and Mrs. R. Toews were there.

Wally Clarke was working in town the latter part of last week.

Mr. and Mrs. A. F. Bertram and family and Carl and Bob Musack were Sunday visitors at the R. Toews home.

LAST WEEK'S MT. SASKATOON NEWS

MOUNT SASKATOON, April 20.—Ole Von Der Ohe was in the district last week, sawing wood and chopping scrub.

Carl Musack and Reinhold Toews called in at John Taylor's Wednesday afternoon.

Mr. and Mrs. A. F. Bertram and family, Mr. and Mrs. R. Toews, Al and Ole Von Der Ohe and Bill Musack called in at Carl Musack's Saturday night.

BELIEVE IT OR NOY
Carl and Reinhold are in the real estate business. Here's wishing you success, boys.
At looking like he'd lost his last girl friend. Too bad, Al.
Don't hunt some poor. West for help.
Reinhold looking for a stove. Going to do some looking. Reinhold's a August having a hard time to leave town. Bummer, August.
Carl's taking a horseback ride. Where to, Carl?

SCENIC HEIGHTS

SEEDING DELAYED BY SNOW

SCENIC HEIGHTS, April 28.—Just as the farmers of this district were getting nicely started on the land, the weather man took a hand in the matter and snow fell in quantities sufficient to delay seeding operations. However, there might be some consolation in the fact that it has been very general, as snow-falls have been reported throughout the three Prairie Provinces.

LOCAL BOY IN SERIOUS ACCIDENT

Word came to us on Friday that Currie Lavelin, ten-year-old son of Mr. and Mrs. G. Lavelin of this district, fell off a wagon and in some manner or other one of the wagon's wheels passed over his body. He was rushed to Rexmouth, where Dr. Gancey tended him and pronounced his injuries as very serious. Lack of details at this time make it impossible to say what sort of progress he is making, but the prognosis let us believe that Currie's injuries are not as serious as it would seem.

Currie has always enjoyed great popularity among the scholars at Elie and they will be anxious to know what progress he is making.

FISHERMAN'S ANNUAL APPEARANCE

The creek has attracted quite a number of fishermen since the first of the season. I believe they have been disappointed in the catches made, at least up to the present.

RETURN FROM THE COAST

Among those who have recently returned from the Coast are Mr. and Mrs. J. R. Carter, Mrs. J. Powell and Mrs. W. Henn and two daughters, Betty and Marion.

While it has not been my pleasure to interview all those mentioned above, it goes without saying that the trip was an enjoyable one for all concerned.

Miss Betty Henn, who has spent a year at Vancouver, accompanied her mother and Marion on their return trip. The western climate has apparently agreed with her immensely, and for that matter, also with her mother and Marion, who returned greatly relieved.

U. F. A. MEETING HELD

The U. F. A. meeting on Saturday night, April 17, was called to order by the president, M. C. White. The roll-call showed a good percentage of the members were present. The matter of wine rebate was dealt with and most of the members donated the balance if any due them, after paying this year's membership fee, to the Scenic Heights Local.

The matter of letting contract for draining the hall basement was left to the secretary, Mr. B. Thorne. A motion on continuing the U. F. A. Local as a farmers' organization was supported unanimously.

RE-CORONATION

The general opinion of the district people concerning the U. F. A. Local's coronation, which was decided after submitting a circular and questionnaire to the residents of this district, was that there will be a full house on the school grounds on the Tuesday afternoon before Coronation Day, to which all parents and other interested are invited.

It is expected that some of the district people will attend the coronation celebration at one of the larger centres on Coronation Day.

TIME OF SERVICE CHANGED

The United Church service will be held in the hall every second Sunday at 11 a.m. throughout the summer months.

The next service at Scenic Heights will be Sunday, May 2. Rev. Wm. J. Huston will conduct the service, "Christ's Alternative to Communism." Everybody welcome.

LOCAL BRIEFS

Master Twiliss Lowe has been confined to bed for the past two weeks with bronchitis. The last report was to the effect that he was recovering.

Howard, accompanied by his mother, went to Hythe for the week-end. He reports the roads as being very heavy, since the snow.

The Peters children are back to school after a week of the mumps. The Forreth children now have them.

DEMMITT NEWS

DEMMITT NEWS, April 27.—We are pleased to be able to announce that both Mr. Geo. Griffiths and his son, William, are now much better. We hope that as the weather warms up they will improve more rapidly.

The Lindgaard children are up and around, but unable to get out as yet. They were very ill with the "flu".

The Halvorsen, Goodwin and Anderson children are all on the mend.

Mr. Gardey Stamp is very ill with "flu". Mr. and Mrs. Graydon Simpson are taking care of him at his home.

The Literary Club meeting was postponed from April 24 to May 8 owing to so much sickness.

R. B. Brown and his wife left for outside points to look for work.

At the time writing, we are sorry to report that the latest news from Joe Fleming's home is that little six-year-old Etta is about the same. Eight-year-old Bobbie has taken a turn for the better. Both Dr. Naylor and Nurse Thomas have their hands full with these two cases of double pneumonia.

Mr. T. Hassard of Grande Prairie passed through here Sunday last with his new car and—oh boy!—was he fighting mud and snow? Ask him.

Church services will be held on Sunday afternoon, at 3 o'clock, in the hall, schoolhouse, by Rev. J. E. Hall of Hythe. All welcome.

Mr. A. Haugland left last week for Pinkey Farms, B.C. We wish "Red" lots of good luck.

BEAVER LODGE

BORN AT SUB HOSPITAL

BEAVER LODGE, April 28.—The following are recent births at the sub-hospital:

To Mr. and Mrs. Allen Moore, April 22, a daughter.

To Mr. and Mrs. F. E. Olson, April 28, a daughter.

To Mr. and Mrs. P. Honkin, April 29, a son.

Miss S. Spence of Graveland was taken to the Grande Prairie Municipal Hospital Friday evening to undergo an operation for appendicitis, Miss Spence was one of the cast for the play, "Safety First," which was postponed owing to her illness.

Mr. Walker is able to walk around one more with the aid of his crutches and finds it great after being confined to his bed for over two months.

After a month's holiday spent at the Coast, Bob and Cameron Hume and Elmer Carter returned on Friday. The boys had the most enjoy time, but owing to the last weather were not able to have any try-outs for professional ball-playing.

Mr. J. Butler is now remodeling the Victory Hall for picture shows, which will be brought to Beaver Lodge by Mr. Frank Donald.

The two last west of R. Little's relations have been bought and the making of two tennis courts will soon be under way.

BEAVER LODGE JOTTINGS

BEAVER LODGE, April 27.—The snow flurries of last week and the recent showers are holding up seeding operations and those with little seedling done before May. But with the plowing nearly finished last fall, one week of good weather should see most of the wheat seeding finished, which will be about the same time as last year.

Mrs. D. E. Harris is expected home Monday, after a four-month stay in Winnipeg, Toronto and other eastern points.

One by one the old landmarks are disappearing. One of the latest to go was the commodious log house of Armand J. Gaudet, who died in 1909, where true western hospitality was dispensed in the old pioneering days.

It is replaced by a modern frame residence, and we believe a large barn is soon to follow. We are glad to say the same spirit of hospitality prevails in the new home as in the old.

Mr. Joe Proud has moved to town to live at Grande Prairie, Monday, accompanied by Mr. Gordon, the aluminum man.

Mr. Harrison has moved to town from his home at Saskatoon to live at Grande Prairie, Monday, occupying a new house on Second Street.

Letter from Floyd Stokney and family, who went to the Coast about Christmas, states that he has bought a new house at Millers, near New Westminster, B.C.

Mr. Howard Halliday has sold his home at Goodfear, we believe for a good figure, and is preparing to move to Grande Prairie to improve the home place east of town.

First and Victor Johnson report the sale of two young teams of horses, at good figures. With the help of the district people, they are required working their farms.

The new addition to the bakery building, which is now under way, will make quite an improvement to that part of Main Street when finished.

The International Harvester Company agents have placed a new sign on their warehouse next to the Massey-Harris Company.

TUPPER CREEK

TUPPER CREEK, April 27.—Mrs. Schaffner and son, Laurie, visited at the home of Mr. and Mrs. Elmer Eld Friday.

Mr. and Mrs. Jorgensen and family spent Friday evening at the home of Mr. and Mrs. Elmer Eld.

Joan Gould, who has been with her parents for some time, returned to Grande Prairie on Friday night's train.

Mr. C. B. Dow made a business trip to Peace Grove Friday.

Everyone is mostly on the sick list "flu", and then some.

We wonder if spring has passed us by. More snow.

Hythe Happenings

CONSTABLE DUFF, R.C.M.P., GOES TO STURGEON LAKE

Constable Duff of the R.C.M.P., who has been attached to the Hythe detachment for over a year, has been transferred to Sturgeon Lake, and left on Tuesday night's train for his new post.

Constable E. H. Rivers returned from Edmonton on Tuesday, where he took a two weeks' refresher course. Sergeant Schulz of the R.C.M.P., who was at Hythe on an inspection trip between trains on Tuesday, left on the night train for points east.

BOYS SCOUTS AND CUBS ATTEND CHURCH SERVICE

The Hythe Boy Scouts and Cubs, in charge of Scoutmaster Jim McQuarrie and Assistant Scoutmaster Bert Swanson, attended the United Church in a body on Sunday last.

The minister, Rev. J. E. Hall, took for his subject, "There Was a Little He made a strong appeal to the boys to work for others.

EXPECTS VALHALLA CREAMERY WILL HAVE VERY GOOD SEASON

J. S. Patterson, in charge of the Valhalla Creamery, who was a business visitor in Hythe on Tuesday, stated to The Tribune correspondent that he expected another very successful summer for the creamery.

FOUR FAMILIES MOVE INTO HYTHE DISTRICT

Four families recently moved into the Hythe district from Saskatchewan and southern Alberta. They were fortunate in being able to rent land as there is practically none to rent now.

Inquiries have been pouring into Hythe, principally from Saskatchewan, asking information regarding the chances for renting land.

Considerable land changed hands the past few weeks, and real estate dealers are looking for a good year.

LARGE ACREAGE TO BE SEEDING IN HYTHE DIST.

That there will be an increased acreage in the Hythe district this season is indicated by the very heavy purchase of Ceresian and formaldehyde, which is more than double that of last year.

This does not mean that there will be double the acreage, as the farmers this year are in a position to properly treat their seed.

HYTHE PARAGRAPHS

Carl Anderson is building an addition to his home.

Win. Payton has purchased the home formerly owned by Magistrate Allan McEwen, of Mr. and Mrs. A. R. McEwen, who will arrive here, and sell with a Tribune ad.

HYTHUEN NEWS

Sensational Sales Increase, evidence of approval

THOUSANDS of business men, salesmen, farmers, school-teachers, business women, have bought new Dodge cars. Shipments of 1937 Dodge cars are more than double the same period a year ago—and the flood of orders continues.

Delighted Dodge owners are telling others about the amazing Dodge economy—21 to 27 miles on a gallon of gas, they say, and savings up to 20% on motor oil. And there are additional savings on tires, lubrication and upkeep.

Think of the rare combination of extra-value, expensive-car features that a new 1937 Dodge will give you. New "Silenced Ride".... Luxur-

ious chair-height seats.... Low, level floor.... Even stronger safety all-steel body.... Genuine equal-pressure hydraulic brakes—the world's finest! And yet you can buy a Dodge priced right down among the lowest priced cars.

There's only one way to really be convinced that these are the true facts.... Go to a Dodge-De Soto dealer today and ride in a new 1937 Dodge—give it a good test. You'll learn why so many thousands have switched to Dodge and are saving money!

Interesting News From Sexsmith

Vol. V, No. 45

R. A. MACLEOD

April 27, 1937

ATHLETIC ASSOCIATION MEETS

The Sexsmith Athletic Association met on Thursday evening last for the purpose of electing officers for the coming year, but owing to the small turnout no election was held.

The matter of having a baseball team this year was discussed, and it was the general opinion of the meeting that some effort should be made to organize a league with the surrounding towns. If this league is formed, the association is in favor of going ahead and purchasing new uniforms for the Sexsmith Club.

The matter of donating funds towards the Coronation celebration was taken up, and it was decided to give a certain sum for prizes for the field sports.

Plan To Make Celebration A Big Success

Preparations for the Coronation celebration to be held in Sexsmith on May 12 are going ahead and all the committees are on the job. This being the first celebration of this kind ever held in Sexsmith—and it will no doubt be many months before this will happen again—it is the intention to make it an outstanding success.

The dance, which will be held on the eve of Coronation Day, Tuesday, April 21, will be under the auspices of the Canadian Legion, Post No. 69, which in itself is a guarantee of success. The proceeds will be donated towards the fireworks display, and we mention right here that the most of you kids will see the biggest display of fireworks that you ever saw in your life.

Then it is the intention to give all school children a few picture shows, also there will be considerable prizes at the sports ground for the kiddies.

If you have any pull with the weather man, see that you use it for that day.

SEVEN CARS STOCK LOADED

Last Saturday, seven cars, there were seven cars loaded at Sexsmith—five of them and two cattle several other cars from other points were completed here.

CONSTRUCTION WORK ACTIVE

There is considerable building activity in town. Mr. Ryerson has erected a dwelling and shoe shop in the south part of the town and Mr. Knutson is building a dwelling at the east side of the town. We understand that a Lutheran church will be erected along side in the near future. Mr. Andy Johnson is building a house for himself on property formerly belonging to Mr. Stahberg. There are several other houses in view.

STURGEON HEIGHTS

STURGEON HEIGHTS

STURGEON HEIGHTS, April 21.—Spring is here at last—at least we have several signs of it. Mr. Harrington is already giving the roads in this section a good working down.

STURGEON HEIGHTS

Yes, in spring a young man's fancy turns to thoughts of love. When Jack, forgets his rubbers when visiting his neighbors it's something close akin to the old adage.

STURGEON HEIGHTS

TO HAVE GENERAL STORE
Sturgeon Heights is really booming, for we are going to have a general store.

STURGEON HEIGHTS

The store will be just across the creek west of the post office. Some of the boys have been heard to remark: "It will be mighty handy."

STURGEON HEIGHTS

A fair-sized piece of business was transacted recently. Mr. B. T. Gray, having purchased a large order of bred female milk from Albert Brown's milk ranch.

STURGEON HEIGHTS

Ken Burr is back home again, having spent a successful trapping season, considering the small quantity of fur in the bush. Ken has also bought a small start in milk. He says he prefers to do his trapping in his back yard—it's not only easier work but there is more money in it.

STURGEON HEIGHTS

Is it cattle joining on the Peat ranch or is it Jack playing "The Director" on the tank horn?

STURGEON HEIGHTS

Bill Fair is not waiting for his dividend as he pulls in a good catch of jackfish. It's not "starvation in the midst of plenty" at Sturgeon Lake in the springtime.

STURGEON HEIGHTS

Karl Zerwick has disposed of everything on the old homestead and has left for Grande Prairie, from which point he will seek spring work.

STURGEON HEIGHTS

Mr. Smith has settled down to teaching again, having spent a few days in Grande Prairie, where he had a little dental and medical work attended to. His friends will be glad to know that he once more may enjoy horseback riding.

STURGEON HEIGHTS

The Chas. Carpenter family and the Chas. Gunn family have recently moved to the settlement in the Little Smoky district.

STURGEON HEIGHTS

The creek are high, most of the bridges out, and it is really a case of each one having to step on his own side of the creek.

STURGEON HEIGHTS

Although we are ten miles off the highway, it is wonderful how many people we see going and coming.

STURGEON HEIGHTS

Miss Judd, Bartlett of Valleyview spent the week-end at the Carpenter home.

GOODWIN

DISTRICT SHIPS MANY HOOS
GOODWIN, April 27.—A good many hoos were shipped from this district last Saturday. Mr. O. V. Dowling also has a load.

SEES MUKRATS FINISH

Mr. Hart Pearson, from north of here, went to town with his season's catch of furs. Although he said that he had an average catch, he was a little better than what it did last year. He also mentioned that if the muskrat season was open next spring that they soon will be an extinct animal.

Miss Beulah Dowling had a birthday party on Saturday and invited her school chums and they spent a very enjoyable afternoon.

HAS PLANTED POTATOES
A few of the farmers have a small acreage of wheat seeded but work has not started in general yet. Some of the ladies are anxious to get to work with a hoe just as soon as the garden is plowed. Mrs. Goodland has already planted a small patch of potatoes.

PLANNING REAL HOLIDAY FOR CORONATION DAY

As Coronation draws near the people here are planning to make a real holiday of it. The school district has invited all school districts around to join them at DeBolt and make it one grand day. No date has yet been set, but there will be a meeting in the near future to discuss what the district will do to help make it a big day.

DISCUSS BUYING PHONE LINE

The Social Crediters met at the school-house on Saturday last and had a very successful meeting. As the telephone line from Glen Leslie to DeBolt is for sale, the question was discussed thoroughly and it was finally thought that the only thing to do was to have the secretary write to the Lindsay secretary and see what action they have taken on the subject. It was decided that the group bought the line that there would be a larger increase of phones on the line. It would only cost 15 cents a year for switchboard fees and \$7.50 for purchase of the phone.

Mr. and Mrs. Goodland were visitors at the White home on Sunday afternoon.

Wm. Woodhouse on Sunday guest at the home of Mr. and Mrs. R. McArthur on Sunday.

News of interest to people here is that Mr. Allen Moore's father has purchased a store at Beaver Lodge and commenced business there the beginning of this week. Allen has purchased a new Ford V-8 truck and will carry on a trucking business at this point.

Mrs. Davies visited with Mrs. Munro on Monday afternoon.

SIDE ROADS NEED ATTENTION

The side roads in this district are in deplorable condition, and it certainly is discouraging to the farmers to pay taxes year after year and receive little benefit. The majority of the farmers here pay their taxes and have to haul their produce over such terrible roads, and have done so for a good number of years. This condition is going to last. Probably a long time if no one makes a move to improve the roads east of us that can boast of better roads than ours, so get together, farmers, and fight for your rights, or declare a sit-down strike and see what happens.

Carol Dana visited at the MacDonald home Monday evening.

APPRECIATION

Louis Stelmie is dead killed in the bush by a falling tree.
I am not much of a writer, but I would just like to say that one of the best and finest men left us in the person of Louis Stelmie.

Honest to a fault, his word was as good as his bond. In doing business with him a contract or a written agreement was not necessary.
Rest in peace.

HALVING OASAS

Canada exported 2,403,724 pounds of tobacco of all types to Great Britain in 1936, as compared with 7,079,347 pounds in 1935.

BAY TREE NEWS

BAY TREE, April 22.—At a recent meeting of the Bay Tree district, the topic of starting a business centre at the boundary between Alberta and British Columbia was discussed.

One spoke of the residents of other provinces at such a place of business being able to pay sales tax to help out his own province of the business place was located like a pioneer scrip cabin home used to be, sleep on one side and eat on the other.

A hospital and health service unit located in such a business centre could serve residents of both provinces with easy convenience.

The use of the coule of Bear Creek provides a site for dam and hydro power, or the use of one of the old or a new gas or oil wells to provide power plants for factories in the city of the future.

There is more sense than nonsense in the dream. Already on the eastern boundary of Alberta is located the twin city of Lacombe. The line of the Greater Edmonton straddles the real non-imaginary line of the wide Saskatchewan River.

The B. C. Alberta line is not fortified, has no customs officials at it and no immigration officers. Police of both provinces, only when they found it convenient, have stepped over the line.

Surfice it to say there is, according to rumors, some big business in the wind, but as to what's what or who's or when's when or why or just the reporter is not yet wised up, and will have been asked to keep mum as to what kind of cooperation is being planned.

One suggested the severing of the boundary line west as far as the Peace Coulee river, then the bank could during the noon hour, open another branch on the east side of the bridge, called the Tenthredin River Town, or just Thunderbolt for short.

A real city, with gas and asphalt and natural resources are fully developed industrially in this locality. It may be Bay Tree, it may be Thunderbolt, or even the natural hogback crossing and potential oil well site east of Dawson Creek at the site of the old bridge across the Peace Coulee river.

When the present real imaginary boundary B.C.-Alberta line crosses Bear Creek, could there could be located a dam site, a coal mine, gas well, brickyard and human built bridge, with the big pond reservoir holding the flood flow surplus of the Manx Creeks settlement.

Anyway, a peaceful group of misadventurers are at work planning community cooperation, the nature of which they are not yet ready to broadcast in the press; only to a few at meetings, not publicly advertised, so it is only private concern as yet.

Whether the proposed business site is located on the tip of the Peace or down in the valley of the Peace on the line of the interprovincial boundary, it will be a progressive development and the establishment will bring "big-business business" to all concerned. It will also be in benefit to the whole community in the Block as well as in Alberta.

One wonders if there is to come the same answer from the Alberta Department of Health as came before when a local resident wrote asking that they Department send an emergency first aid kit. "The government cannot answer with the suggestion that a local dance be held to finance the project. Possibly he might now offer to donate a free aid in the broad east when official government news in the air."

But, joking aside, a genuinely sincere request has been sent in to the Department of Health asking that a nurse be sent to work in the area comprised in four school districts east of the B.C.-Alberta line. It will be no time to the world if of Alberta if the nurse is not sent NOW.

Accidents will happen, sickness will come, and even epidemics. Even with the best of quarantine, twins have arrived, and even some twins.

Annual Report Of C.W.L. Read At Meeting Friday

At the meeting of the C.W.L. held on Friday evening, April 23, the Annual Report of the C.W.L. of the district was read by Mrs. J. J. MacGregor.

BOOM! CANNON BLASTS HUMAN BULLETS IN CIRCUS STUNT

The magic eye camera climbs to the top of the circus tent in New York to photograph one of the most remarkable of all stunts, the blasting of the Zacchini brothers from a cannon. Begin at the left and you can see Zacchini No. 1 just coming out of the cannon's mouth in a haze of smoke, and end at the right and you'll see both human bullets on the way to the net. The brothers are Hugo and Mario, and they perform for Ringling Brothers, Barnum and Bailey Circus, which imported their act from Germany.

THE CONTINGENT WHICH WILL REPRESENT THE "MOUNTIES" AT THE CORONATION

The Royal Canadian Mounted Police will be represented at the Coronation in London by 35 men under the command of Assistant Commissioner S. T. Wood, Ottawa, with Inspector J. Burnett, Quebec City, second in command. The men, selected from every division in Canada, have been training at Regina and sailed via Montreal on April 25. This picture shows the picket line preparing for the coronation ceremonies.

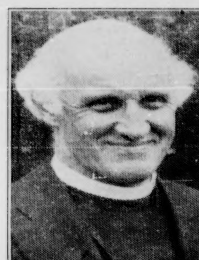

NEW BRITISH ADMIRALTY MOTOR BARGE WELL NAMED

The new British Admiralty barge, named "Power," was used by the King and Queen on their trip down the River Thames from Westminster to Greenwich for the opening of the National Maritime Museum on April 27. This new boat, shown above passing a line of giant Empire flying boats, during trials, is powered by three 100 h.p. engines and has a speed of 20 knots.

GERMANY'S REPRESENTATIVES AT THE CORONATION
